

## EzBACK Installation Quick Guide

### Before Installation:

1. Please make sure anti virus programs are disabled to avoid any possible conflicts.
2. If you have once installed a similar System Restore product, either hardware or software version, please remove/uninstall all the software and drivers associated with it before beginning EzBACK installation.
3. Before installing new software or executing backup function, please make sure your computer is totally virus free.
4. Please read EzBACK User Manual carefully before installation. Please go to MY COMPUTER right click on E: (assuming drive letter E: is the designation of the CD-ROM drive) -> EXPLORE -> EzBACK User Manual.pdf (requires Acrobat Reader to view).

### Installation:

Please insert the EzBACK installation CD into the computer's CD-ROM drive, the setup program should auto start itself; if not, then go to Start Menu on the Taskbar, and select Run; and type E:\SETUP.EXE (assuming drive letter E: is the CD-ROM drive). Follow the onscreen instructions to complete the installation.

### Password and Authorization Code:

1. The default Password is "ezback"; up to 10 characters are available to setup a unique password.
